## **Guidance**

**Dr. P.K. Mishra,  
Director**

## **Suggestions**

**Shri Vishwa Ranjan,  
Chief Administrative Officer**

## **Compiled by**

**A.N. Mohin,  
Technical Officer (T-7-8)**

The information compiled in this publication is based on the information provided by the Administration Section at the Institute Hqrs. at Dehradun and all the Heads of Regional Research Centres at Agra, Bellary, Chandigarh, Datia, Koraput, Kota, Udhagamandalam and Vasad. Every effort has been made to give the correct and upto date information here but any comment to the correctness of information and improve this publication from any individual staff member is most welcome.

## Foreword

To cater to the problems of soil and water conservation in the hills, ravines and black soil regions of the country, a chain of Soil Conservation Research, Demonstration and Training Centres was established by the Govt. of India in different problem areas located at Dehradun, Kota, Bellary, Udhamchand, Vasad, Agra and Chandigarh during 1954. These Centres were transferred to the Indian Council of Agricultural Research (ICAR) in the year 1967. The ICAR combined these Research Centres and established the Central Soil & Water Conservation Research and Training Institute, with its Headquarters at Dehradun in the year 1974. Later on, two more Research Centres, one at Datia in M.P. (Bundelkhand region) and another at Koraput in Odisha (Eastern Ghats Highland zone) were established.

A number of scientific, technical, administrative and supporting staff enrolled in the organization. One publication entitled "Existing Staff Strength" at the CSWCRTI, Dehradun and its Research Centres was prepared during the year 1987 by compiling certain information about staff of various categories for official use. Since then, lot of changes and movements have occurred as some of the staff members joined the new positions and some left due to retirement or promotion to other positions etc. as a result of which, the earlier publication needed updation.

The efforts put in by Shri A.N. Mohin, Technical Officer (T-7-8) at the Institute in appropriately updating this useful information are highly commendable. The cooperation rendered by Shri Vishwa Ranjan, Chief Administrative Officer and all the Heads of Research Centres and Divisions in providing the necessary information is greatly acknowledged. The help in computer processing of the text by Er. Amit Chauhan, Technical Officer and Shri Sunil Kumar, PS to bring out this publication is also acknowledged. It is expected that this publication will be useful to the Administration and the Regional Research Centres and Divisions of the Institute in planning the manpower and the assessment and retirement cases etc. of the staff members. It will also be useful for individual staff members to apprise themselves about each other. Any suggestion for its improvement is most welcome.

**(P.K. Mishra)**
